Disclaimer

Information published on Ciptors' website is intended only as general information and does not constitute and must not be used as legal advice. There is a risk that the contents may not be complete or may not have been fully updated. Information on this website is used at the user's own risk.

 About cookies on the website

We use cookies on our website (www.ciptor.se). A cookie is a text file stored on a website visitor's computer.

There are two types of cookies: 1) a permanent cookie remains on the visitor's computer for a specified period of time and 2) a session cookie is temporarily stored in the computer's memory during a user's visit to a website. Session cookies disappear when you close your browser.

We use cookies for purposes such as improving the user experience on our website. By using our website, you consent to our use of cookies in accordance with this Cookies Policy.

If you do not wish to accept cookies, you can change the settings in your browser to automatically refuse cookies or to inform you each time a website requests permission to store a cookie. You can also use your browser to delete previously stored cookies. See your browser's help pages for more information. Please note that if you choose not to accept cookies, the functionality of the website may be restricted.

Below you will find a statement of the cookies we use and their purpose.

Google Analytics cookies

Ciptor.se uses cookies from Google Analytics to compile statistics that are used for purposes such as improving the website. For more information on Google Analytics, we refer to Google's privacy policy at http://www.google.se/intl/sv/policies/privacy/

When activating advertising features in Google Analytics, the tool can collect data through Google's advertising cookies in addition to the information collected through the standard implementation of Google Analytics. In this way, we can access reports in Google Analytics containing user demographics and interests collected by Google at previous browsing behaviour in order to create user segments. More information about the feature can be found here: https://support.google.com/analytics/answer/2700409.

_ga
_ga is used to distinguish one website user from another and to observe how the user uses the website 24 months

_gat
_gat is used to limit the number of requests to Google Analytics if the website receives a high volume of traffic Session cookie

_utmb
_utmb is used to determine the number and length of page viewings on the website 30 minutes after it was created or last updated

_utmc
_utmc is used in conjunction with _utmb to determine whether a new visit is being made to the website (30 minutes' inactivity counts as a new visit) Session cookie

_utmz
_utmz is used to find out how the visitor found the website Six months

The information generated by these cookies through your use of the website (including your IP address) is transmitted to and stored by Google on servers in the USA. Google can transfer this information to third parties if required by law or when those third parties process the information on Google's behalf. For further information on Google Analytics and how Google processes information, please refer to Google's privacy policy. You can install an add-on in your browser if you do not want your visit to our website to be shown in the statistics. The add-on is available for the Internet Explorer, Chrome, Firefox, Safari and Opera browsers.
